

Magnetic Assemblies >> Pull-and-Push Magnetic Attractor

Magnetic Filter

- **Component Part:** Strong permanent magnetic tubes fixed onto a framework. When anything containing iron/steel substances passes through the framework, the iron/steel substances will attract themselves onto the wall of the tubes, As a result, your equipment and facilities will be safe and sound , and your products will be safe for consumption.
- **Application:** Model PMGL magnetic filters may apply in medicines, sanitation, textile, machine foodstuffs. The filter will attract iron/steel substances away from liquids , from among grains or powders.
- **Size, length and shape:** Size and length of the magnetic tubes, and shape of the framework w vary at your request.
